taken in the conference room where a brief introduction about industry (Indoco Ltd.) was given by Mr. Vaibhav Lole Sir. Indoco Remedies Goa Plant-I manufactures Solid Dosages, Creams, Ointments and Liquid Dosages and is located in a non-pollutant area, with a vertical flow system, monolithic flooring, fully air-conditioned RM and FG stores. It has a separate Pilot Plant. The plant has capability to manufacture Aqueous, Non-aqueous and Photosensitive products. It has HVAC system that maintains Relative Humidity to 55% +/- 5%. The facility has now been expanded to meet the growing demands by our customers from the regulated markets.

The facility is approved by UK-MHRA (for Solid Dosages and Creams & Capsules), TGA-Australia (for Solid Dosages, Liquid Orals and Creams & Ointments) and by Darmstadt Germany (for Solid Dosages). The Plant also holds the WHO-GMP approval.

Dosages manufactured and their annual capacities:

Solid Orals (Tablets Coated / Uncoated) : 2 Billion Tablets

Liquid Orals : 6 Million Bottles

Creams & Ointments : 10 Million Tubes

Capsules (Hard Gelatin) : 60 Million Capsules

Industry coordinator Mr. Vaibhav Lole Sir and we all staff members along with our students were went to gowning room separate for male and female and provided with gowns and caps, several photographs and SOPs were there instructing proper gowning procedure. The first department visited was raw material and packaging material warehousing area where we got to learn how the raw and packaging materials are stored and labeled and we have seen different types of labels with different colors fixed on containers indicating its batch number, lot number, issue date, expiration date, retest date, and storage conditions. They were using in-house software for digital data maintenance. We were also informed about SAB system which they are going to use in future for warehousing data maintenance. Then we were taken to dispensing area where we got to know about the procedure for dispensing of raw and packaging material according to given MRO (material request order) provided by production area. After that we visited granulation area where we saw different granulation equipment such as rapid mixer granulator, fluidized bed drier. Furthermore, we were also informed about different steps used during granulation such as sifting, sizing, drying etc. Different types of granulation process were used like wet granulation and dry granulation. Meanwhile we got to know about how the sampling has been carried out for IPQC test and what different kind of analysis

techniques they were using. After visiting granulation area we moved towards compression area, where we saw compression machine where he explained about different parts of compression machine like stations, tooling, hoppers, and feeders. He also explained about different defects of tablets due to compression variation and its remedies and whole procedure for compression was explained in detail.

The next area was capsule filling area where we got to know about different types of fillings like powder, granules, pellets, and mini tablets that are being filled in capsule shell, the next step explained after filling was polishing. After filling area we have seen the coating area where Mr. Sagar Patil explained that coating is the most crucial step in tablet manufacturing two coating equipment. He gave us details about fluid bed equipment used for the coating of pellets and granules. He shared an incident regarding the tablet coating defect that leads to a great loss. The whole coating principle was described in detail. In sequence saw the tablet and capsule inspection by manually an auto inspection machines with their rejection and pass mechanism. Then we moved towards packaging area, the whole packaging area was divided into two parts like primary packaging area and secondary packaging area in primary packaging area different packaging systems were there like blister packaging and bottle packaging, the bottle packaging was in process so we informed about the procedure in detail, we learnt about how the packaging material is selected and tested for its appropriateness and in accordance with the foreign market requirement for the packaging and labelling. In blister packaging area the process used for blistering was semi-automated. Brief information was given about the secondary packaging of the tablets and capsules. After this we were move toward QC section, where we saw the QC equipment's like HPLC, moisture analyzer, Dissolution test apparatus with their principles and applications and seen some QC reports.

Finally we gathered in the conference room where the Mr. Vaibhav Lole (QA Manager), gave us the overview about different plants of Indoco Remedies Ltd., Goa and their growth, achievements and cultural activities. He has guided our students how to face interviews, communication skill, confidence, interview techniques and expectations of industry from graduate peoples. After that Mr. Ashish K. Mullani, TPO, ADCBP proposed vote of thanks to all industry coordinators for permitted to us for industrial visit and spent their valuable time. Ashish K. Mullani, TPO, ADCBP had requested to HR to make collaboration with ADCP family and provide in-plant training to our students and campus interviews. Lastly, we ended the visit by clicking a group photograph at 5.30 PM and we moved out of the plant.

3) Ophthalmic Filling Area

B) **Quality Assurance** section involved in implementation of good manufacturing and good laboratory practices. Its other functions include inspection of sanitation processes, general cleanliness, personal hygiene, process validation, calibration of instruments/equipments and preparation of SOP / MMFM / BMR and other documentation as well as carrying out IPQC checks in production and packing operations.

C) **Quality Control Laboratory**, which is well equipped with highly sophisticated automatic instruments like HPLC, FTIR, UV-VIS Spectrophotometer, Auto Titrator, Karl Fischer instrument etc. It has facility for microbiological analysis and Endotoxin Testing (LAL). Quality Control Department analyses all the incoming raw materials, packaging materials, conducts inprocess quality control, analyses all the batches of the finished products both chemically and microbiologically, wherever applicable. Stability tests are conducted as per ICH guidelines.

D) **Microbiological testing** is performed under Laminar Air Flow equipped with HEPA filters. The microbiology area is categorized in two class viz. Class 100 and Class 10,000. The entry into microbiology section is restricted. The testing areas have access through air locks. There is separate testing area for sterility testing and other microbiological testing. Autoclaves are used for sterilization of glassware, media, accessories and decontamination of used media.

E) **Packaging:** There were 3 levels of packaging. The basic aim is to provide highest quality care.

- a) Primary
- b) Secondary (blister packaging is done)
- c) Tertiary

After packaging, Leak Test was carried out. QC was governed by QA which decides GMP, SOP with safety and FDA rules and regulations

- a) HPLC
- b) Total organic carbon (TOC) – to test hardness of water used (Pure and Ultrapure). For purified water hardness- NMT 1 ppm
- c) Accelerated stability control chamber- products were subjected to exaggerated conditions of temperature, humidity - degradation pattern was observed - was used to determine shelf life under normal conditions of transport and storage.
- d) Microbiological evaluation: Extent of microbial contamination was estimated using different techniques like Petri plate method.

Respected Ma'am/Sir,

Greetings from Rubicon!

It is my pleasure to introduce **Rubicon**; **Rubicon** was incepted with a dream of a world where every youth has the power to transform lives for themselves and others around them. We strongly believe that every youth has the potential to make a difference in their personal lives as well as the community around them. We build competencies, which would help youth seek careers and prosper in their career of choice. We bring excitement into learning by developing and harnessing their curiosity and intrinsic motivation for learning.

Rubicon's "LifeSkills" Program, supported by Barclays aims at improving the employability skills of the youth. This initiative is supported by Barclays. Under this program, students will be trained by Corporate Trainers to enhance their Life skills which would help them significantly to increase their chance of succeeding in a job interview. This program is being launched with limited no of colleges in India.

We are looking forward to partner with your institute and plan to run the below initiatives:

1. 24 hrs. classroom training on Interview Skills (Details mentioned below)
2. Industry visit of students to various organizations.
3. Post Placement Mentoring and Career Counselling for one year.

In Life Skills training, we will be covering the below topics:

1. Organizational Structure
2. Public Speaking
3. Presentation Skills
4. E-mail Etiquette
5. Grooming
6. Group Discussion
7. Personal Interview

Day 1 (7th march 2022)-

The session was conducted by chief resource person Mr. Kalyan Kumar & Ms. Bhakti Phadte from Rubicon Skill Development Pvt. Ltd. During the first session of the workshop Mr. Kalyan Kumar & Ms. Bhakti Phadte taught about the self introduction i.e. How to introduce you in a unique way that creates an impact on the interviewer or the HR of the company.

Trainer also gave the knowledge about how to know our strengths and weaknesses. The importance of soft skills was given in this session like : strong work ethic, positive attitude, good communication skills, time management abilities, problem solving skills, acting as a team player, interpersonal relations and self confidence, ability to accept and learn from criticism, flexibility/adaptability, working well under pressure.

In this session students played some games that gave us information about what is teamwork.

When students played game they actually learned about teamwork and leadership i.e. the session gave introduction about teamwork and leadership.

After that in this session students learned about body language. 80-85% body language impacts on interview. It starts from how to walk and end at how to sit or what should be the students style/dress up (this was included in grooming session) and so on. In short, the body language reflects our personality.

Day 2(8th march 2022)-

In the second session, Trainers taught about grooming. What is grooming? What kind of clothes, accessories students should wear during interview? Students should wear formals during PI's, GD, etc. Grooming must be perfect and proper.

During this session, students learned about Do's and Don'ts of Body Language and Grooming. In this session, they also learned about Presentation Skills. What are the steps of Presentation, How to give effective presentations. The steps are as follows:

- Plan
- Preparation
- Practice
- Performance
- Questions

Elements of dynamic presentation are body language (63%), Voice (29%), and content (8%).

Do's and Don'ts while preparing for a presentation were discussed in this topic.

In the afternoon of 2nd day, we had new topic which was Group Discussion. The Group Discussion was the one of the most important topic while preparing for a company's interview because in each company there is Group Discussion Round were held to check our knowledge on that particular topic.

Day 3 (9th march 2022)-

On the 3rd they taught about resume writing i.e. resume building what are Do's and Dont's of resume building, what points students should include in our resume. How unique students can make resume. That all the information was given during the session.

Also they discussed about email etiquettes that includes how to write mail, what is CC and BCC. Is they are important?, How to write formal mail, what are elements of mail, was covered under this topic.

On that day at afternoon session they discussed about personal interview skills. The topic covers following point:

First Impression:

Student's body language, eye contact, tone of voice and ability to listen to others all make you a great communicator. A warm smile and the ability to give sincere compliments go a long way in endearing others. These are the examples of first impression that are impactful and memorable. Students also discussed about the Do's and Dont's while preparing for personal interview.

Day 4 (10th march 2022)-

During this 4th day of workshop at morning session, students were prepared for personal and mock interviews were conducted by resource person Mr. Kalyan Kumar & Ms. Bhakti Phadte. Afterwards, in the afternoon session students were organized one event named as "Showcase" in that students were performed on the chapter or topic that they learned from 3 days workshop i.e.

A Blood Donation Camp was organized on 5th April 2021 by Sant Dnyaneshwar Shikshan Sanstha's Annasaheb Dange College of Pharmacy, Ashta in association with Arpan Blood Bank, Kolhapur on the occasion of World Health Day. To mark this event, the inaugural function was conducted at Seminar hall of College on 5th April 2022 at 10.00 am. Prof. R. A. Kanai, (Executive Director, SDSS, Islampur) was the Chief Guest. Dr. M. G. Saralaya (Principal, ADCBP, Ashta), Prof. S. A. Desai (Principal, ADCBP, Ashta), Prof. S. B. Hivarekar (Registrar ADCET, Ashta) Prof. S. Mohite (HOD, Basic Science, Civil ADCET, Ashta) Mr. S. J. Sajane (Vice-Principal Administrative ADCBP, Ashta) Mr. R. S. Jagtap (Assist Prof., ADCBP, Ashta), Mr. R. S. Jagtap (Vice-Principal Academics ADCBP, Ashta) Prof. H.P. Khade (Program Co-ordinator ADCBP, Ashta) Prof. Y.D. Dange (Program Co-ordinator ADCDP, Ashta) Prof. Y. S. Chandanshive (Program Co-ordinator ADCBP, Ashta) also graced the occasion. Teaching and non-teaching staff, students and other peoples were present during the opening ceremony.

The camp was inaugurated in the hands of Prof. R. A. Kanai by cutting the ribbon. Mr. Sujit Desai (Principal, ADCDP, Ashta) delivered welcome address and highlighted the purpose of organizing this Blood donation camp, also he expressed best wishes regarding World Health Day on behalf of Principal, Teaching and Non-teaching staff and students of ADCBP Ashta. Dr. M. G. Saralaya felicitated chief guest Prof. R. A. Kanai (and his team were felicitated by dignitaries on the dais.)

During the opening remark Prof. R. A. Kanai expressed his gratitude to the Principal, Teaching and Non-teaching staff and students for organizing this Blood donation camp. He also stressed on the growing need of blood in the state and commended the young volunteers for their noble act. Some points from his speech are – "As we all know that blood is a base of every human life and there is no life without blood, this makes its value priceless. The most important thing about donating a blood is that it should be a voluntary donation therefore we have organized this event."

Finally Mr. S. J. Sajane delivered vote of thanks to chief guest Prof. R. A. Kanai, Dr. M.G. Saralaya and all dignitaries on the dais and off the dais. He had given special thanks to all authorities of Shashwat Blood Bank, Miraj & for arranging all necessary requirements for conducting the Blood donation camp.

Then blood camp begins with registration of donors. The students of Pharmacy helped the team members of Shashwat Blood Bank, Sangli to conduct the camp. The hemoglobin content of the students / donors was checked before donating the blood. Also checkups for blood pressure and other tests were conducted by the Dr. Prakash V. Gadve and Mr. Madhav Dhavalikar and their team worked enthusiastically.

There was excellent response to this blood donation camp. Total 115 volunteers came forward to donate blood during camp which included teaching and non-teaching staff, students. Blood donors were given refreshments after donating the blood in order to reenergize themselves. Prof. R. A. Kanai (Executive Director, SDSS, Islampur), Dr. M. G. Saralaya (Principal), Mr. S. J. Sajane (Vice-Principal Administrative) and Mr. R. S. Jagtap (Vice-Principal Academic) took immense care to meet the requirements of donors after donating the blood, so as to avoid any mishaps in the campus. In recognition of their noble services the Shashwat Blood Bank, Miraj authorities issued all the donors the certificate of honour.

Mr. Pritam Kumbhar and Mr. Chetan Shinde said- "It feels great to participate in the event. There is no great joy than saving a soul. If you're a blood donor, you're a hero to someone, somewhere, who received your gracious gift of life."

Finally, on behalf of Shashwat Blood Bank, Miraj Dr. Prakash Gadave and Mr. Madhav Dhavalikar issued certificate of honour with memento to Principal Dr. M. G. Saralaya for organizing this blood camp. Mr. Madhav Dhavalikar in his concluding remarks said - "It was pleasure to work for such an activity with all on that day and the Camp was successfully accomplished with everyone's support". He thanked Principal Dr. M. G. Saralaya, all teaching and non-teaching staff and volunteers for successful organization of this blood donation camp.

NSS ANNUAL CAMP 2021-22

DAY 01

“The best way to find yourself is to lose yourself in the service of others.”

The NSS Unit of Annasaheb Dange College of Pharmacy, Ashta started the annual seven-day service camp in the village of Mirajwadi, located 04 km from Ashta & 20 km from Sangli, MH, on the 14th March 2022, to 20th March, 2022. After boarding from Ashta the 50 volunteers & 05 staff members accompanied by the NSS Program Officer, alighted at Mirajwadi at around 07:00a.m. Public transport was used to reach the camp site in Mirajwadi.

On Monday, 14th March 2022 in Mirajwadi. It was inaugurated by Annasaheb Dange College of Pharmacy, Principal Dr. M. G. Saralaya, Mirajwadi Sarpanch Shri. Vipin Khot with our Programme Officers Mr. Harshad P. Khade, Mr. Rohan D. Patil, Mr. Ramling D. Mali, Ms. Shubhangi S. Kharat. The day began with NSS song. The volunteers were divided into five groups. The groups were named as Krishna, Godavari, Wardha, Tapi & Bhima on the names of famous rivers of state.

After breakfast, a brief orientation session was arranged for the volunteers, wherein they were intimated about the role of NSS plays in the lives of the villagers and the service extended for the betterment and progress of our adopted villages. An introduction-cum-interaction round followed and each volunteer got to familiarize themselves with the rest of the fellow volunteers. The volunteers were also divided into 05 groups, with each group being accountable of the day-duties which included giving wake-up calls, making sure everybody is punctual, managing food service, maintaining the sanctity of the surroundings, etc.

Then the volunteers processed to street drama & to clean the surroundings of the village. They were assigned different Areas of village. The whole day was full of activities. The main objective was to inculcate the spirit of selfless service and voluntary work among the volunteers.

Post lunch, volunteers were divided in 03 groups and were assigned a task. The first group visited Ganesh Chowk for anti-plastic campaign, explaining residents the environmental harms of plastic and giving them 2-3 clothbags to use as a better alternative. The villagers were very receptive, and were thankful for the clothbags.

The second group went to School area for publicity of the Medical Camp. They went from door-to-door, visited local shops and made sure that everyone got aware about the Medical Camp and seminar held the following day. Small posters were put at various places to serve the purpose. The third group was given the task to create attractive posters for the cleanliness rally, which was to be staged the next day in Mirajwadi.

DAY 03

The third day i.e.16/03/2022 was given a kick start by early morning exercises which included running, stretching and sprinting. The volunteers gathered at 06.00 am and got warmed up for the day. This was followed by breakfast.

Seeking motivation and guidance from the program officer Mr. Harshad Khade, volunteers headed for the school in Mirajwadi at 8.30 am which is 0.5 km from camp. They reached Mirajwadi School around in 10 min. Introduction of the school along with information on past works and future plans was given. The Principal addressed the volunteers to present a vote of thanks. The principal appreciated the efforts of each and every volunteer.

School kids of grades 1 to 4 were engaged into fun activities like passing the parcel and dance in order to boost interaction. Arts like Origami, Handprint Painting and Clay Modelling were taught to the kids in groups of two by volunteers. These activities not only enhanced creativity but also developed skill set of students. This event was wrapped up by 01.00 pm and everyone reached camp site.

DAY 04

The fourth day i.e. 17th March, 2022 of the camp began early at 06:00 am with the volunteers all energized and boosted up after the regular exercises session. After which the volunteers did a quick run-through of the street plays that they had worked on and headed for breakfast. Soon after breakfast the volunteers divided themselves into three teams based on the activities planned ahead for the day.

One team was allocated wall painting at Ganesh Chowk, second team was assigned poster for reading mission and Mirajwadi school board painting where as the third was to look after the composting pit set up at Mirajwadi.

Drawing Computation in Mirajwadi School

After reaching all the assigned place, team one ensured that they drew everyone's attention in the village about the composting pit that was going to be installed. On the other hand, team two continued to work on the installation of the composting tumbler set up in the Mirajwadi School.

Following which a demo session on composting was also given to the villagers and there was an overwhelming response as people came out in large numbers to see it. Meanwhile the other team continued with the wall painting.

The NSS unit of ADCBP installed a library in the school premises of the Mirajwadi Zilla parishad School.

The collection drive for this programme was held in the college premises. A wide range of books, from academic textbooks to story books, were collected. Volunteers installed the library in the school amidst great curiosity of the students. Our college's senior Librarian, Mr. Bhosale Sir supervised the installation procedure and ensured that all the children took interest and show enthusiasm towards this new facility that they were being provided with, he also donated some story and puzzle books.

The Principal of the school expressed her gratitude towards us for doing something which will benefit the children a lot in the long run. We tried to in stil a habit of reading and did our bit towards igniting young minds.

After lunch, Plastic is everywhere and is contributing to the tipping of the Earth's climate. To control this, Prime Minister Narendra Modi launched Swachhata Hi Seva, a cleanliness initiative building up to Gandhi Jayanti on October 2nd with a call to action 'Say No To Plastic' and 'Make India Single-Use-Plastic Free'. ADCBP with the help and support conducted this campaign by spreading awareness regarding PLASTIC HATAV, DESH BACHAV to the residents of the adopted villages. 50 students and staff of ADCBP started the day by interacting with the students at Mirajwadi School at Mirajwadi. The school had around 120 students and 10-12 faculty members. The team made them understand the adverse effects of plastic on nature. The children and the faculty were very welcoming and interacted with a lot of enthusiasm.

Voluntaries told us their views on saving nature and all they knew about plastic. Villagers promised us to keep their village plastic-free and encourage their families to go plastic-free as well. Cloth bags were distributed to each student and faculty and collected back as many plastic bags, plastic bottles, and plastic items as possible from the school, village & also plastic material is collected from home to home by students. Students were educated on how to recycle plastic and gave them all cloth bags so they can use them instead of plastic bags when they go out to buy something.

After that, the volunteers conducted a sports day for the students in the school of Mirajwadi. The children were clubbed according to their classes and fun and adrenaline-pumped events like sprint, 3- legged race and bunny-hop race were carried out. The winners were given gifts while all the students were given chocolates. The day concluded with an hour of sports and a short meeting after dinner to discuss about the following day's schedule.

DAY 05

“Only a life lived for others is a life worth living”

With this thought in mind the day was kicked off with the perfectly scheduled 06:00 am work out session wherein the volunteers enthusiastically participated in the warm-up exercises. Post breakfast, the volunteers left for the Mirajwadi School.

This day was not less than a New Year gift for the students as the volunteers had organized an engaging Sports Day for them. The children were clubbed according to their classes and fun and adrenaline-pumped events like sprint, 3-legged race and bunny-hop race were carried out. The sun shone brightly but so did the children and with their tired but

Sports day at school mirajwadi happy faces.

Following that was the dance, story and street-play highlighting social issues like sanitation, blind- faith and education. This was received with an overwhelming response by the students. The Principal was satisfied with the relentless service of the volunteers and expressed her gratitude towards them. After that, there was a Prize Distribution Ceremony where the students were gifted essential stationery items like compass box, scales, erasers, pencils along with chocolates. Games were gifted to the winners. Chappals made of rubber tires that can last for more than two years and cloth school bags were also provided. Books related to their academic course as well as story books were donated.

This was followed by the Project Reading Mission 2022 which aims to empower and inspire students through knowledge by installing libraries in every school. Book shelves were installed in the school of Ambewadi. The librarian of the college, Mr. Ramesh Suthar, overlooked the proceedings of the launching. Post lunch, the volunteers were divided into groups. The first group painted numbers on the walls of the Narpad school very beautifully

DAY 06

The day started at 06:00 am, when all the campers go to gather to for around of morning exercise which helps them get set for the day's hectic schedule! After breakfast at 07.00 am, volunteers assembled and had their duties for the day allotted. One of the team departed for further completing the wall painting at Ganesh Chowk. They carried out their task highly effectively, nearly completed the painting. Once they were done, all the campers set out towards Mirajwadi, where they would be taking on their most challenging task yet.

The road in Mirajwadi, which we had selected was sweat here out at regular intervals. Hence the road was highly uneven and would cause great inconvenience to all the villagers and vehicles. This was where we carried out our Shramdaan. For four hours at a stretch, volunteers took the various roles required for successively carrying out.

One team collected soil & stone in baskets and passed it to the other team, who had created a human chain for passing on the soil-filled baskets. The third team was in charge of pouring, leveling and pressing the soil in the pits of the road. Another team had formed a human chain and would pass on the empty baskets back to the dirt pile for refilling. Working like a well-oiled machine, they were on toes digging and pressing for long hours until the road was mended. Constant refreshments in the form of biscuits and water were being constantly provided to the team to keep their energy levels high, and outcome efficient. After 4 hours, the target was met and our volunteers made their way back to the camp.

After lunch, the volunteers left towards the three spots where the holes were dug already the day before and continued the further process for solar lamp installation. The volunteers successfully installed three lamps at the end of the day.

We wouldn't have been able to carry out the day's active proceedings without the constant support of our team.

DAY 07

“Good things end. But memories last forever.”

Like all the good things that seem to end too soon, the last day of the camp was no different. At 07.00a.m. sharp, all the volunteers gathered for breakfast. After doing the final pack-up and thorough cleaning of rooms and the camp premises, the volunteers left for the day's tasks: installing the board for Mirajwadi's primary school, finishing the wall-painting and cleaning up the Mirajwadi.

The wall painting and board installation was over soon enough, and a sense of satisfaction was achieved seeing the impact our work had on the innocent children. Wasting no time, we reached the and cleaned up the area. Like the majority of waste everywhere, this beach too had plastic and other non-organic waste which needed to be disposed of properly. Volunteers were given bio- degradable bags and gloves to maintain self-hygiene. At around 11 a.m., the volunteers returned to the camp site. Brunch was served at 11:30, which was followed by the final meet an hour later. We were glad that we could be of help to the villagers of Mirajwadi, and hoped that the steps we took will guide the bright and better future. The immense satisfaction and pride it gave us can perhaps never be expressed in words. Extending selfless service to those who really need it made us realize the significance of today's Youth, and the role of NSS in the progress of our country.

VACCINATION AWARENESS DRIVE

Topic : **Humanity Needs Leadership And
Solidarity to Defeat The Coronavirus**

Day & Date : **9th & 10th December 2021**

Total Participant : **60**

A program started at 10.00 am on Annasaheb Dange College of Pharmacy, Ashta. At the start of the program Respected Principal Sir given the brief welcome note regarding to the program.

The COVID-19 pandemic is the defining global health crisis of our time and the greatest challenge we have faced since World War 2. Since its emergence in Asia late last year, the virus has spread to every continent except Antarctica. We have now reached the tragic milestone of one million deaths, and the human family is suffering under an almost intolerable burden of loss

With almost a year of getting exposed with coronavirus and its after effects, India is all set to prepare the ground for a massive **VACCINATION DRIVE** that will be crucial for the country to come out of the pandemic. Awareness programmes are of utmost importance in India before it is set to enter the crucial phase of vaccine distribution from March 2021. Major challenge before the country is to create awareness among the people about the possible side effects that all vaccines may have and curbing the fake propaganda against the vaccine. As per the directions received from Regional Director, NSS via email, NSS Unit of ADCBP conducted awareness drive to disseminate the message to build an environment of universal vaccine acceptability.
