

Feedback Mechanism 2019-20

Students Feedback on Faculty Performance

Conducted not before & not after the end of fourth week of Semester commencement (on 28th day of commencement)

FC: Feedback Coordinator
GT: Guardian Teachers
MT: Not less than

Feedback analysis and reward/ corrective measures:

- *Faculties of ADCBP are assessed for their effective teaching methodologies from the students twice in a semester. This process is an online and conducted at college level and is full proof. A faculty from ADCBP is assigned a job of institute level coordination to monitor the feedback process. The faculty is assessed against well designed 10 questionnaires in Theory and Practical respectively, as given below;*

Questionnaires for Theory course:

1. Whether the lectures well prepared, organized and well structured?
2. Whether any Audio-Visual Aids used during the lectures?
3. Whether the lectures were delivered with emphasis on fundamental concepts and illustrative examples?
4. Whether the difficult topics were taught with adequate attention and ease?
5. Does the teacher provide you additional knowledge related to the subject?
6. Whether the teacher delivered lectures with good communication skill?
7. Whether the teacher encouraged students to ask questions in order to make lectures interactive and lively?
8. Does the teacher provided any informative and appreciate study material?
9. Does the teacher gave feedback to students after completion of assigned tasks?
10. Whether the tests/ assignments were challenging enough to stimulate problem solving approach?

Questionnaires for Practical course:

1. Whether the teacher comes well organized and prepared for practicals?
2. Whether the difficult topics were taught with adequate attention and ease?
3. Whether the Handouts, laboratory manuals were understandable, informative, clear and helped you in practical work?
4. Whether the teacher discussed application part of each practical?
5. Whether all practical tasks are performed individually or in pairs at most so students always get to understand how things work by themselves?
6. Whether feedback on submissions verbally and/ or in writing is useful and helps students to improve further learning?
7. All practical tasks are performed individually or in pairs at most so I always get to understand how things work by myself?

8. Whether students receive prompt feedback on their submissions?
9. Whether feedback on submissions verbally and/ or in writing is useful and helps students to improve further learning?
10. Whether the teacher speaks and explains concepts with good communication skill?

Each head is measured in the category of Excellent (E), Good (G), Average (A) and Below average (B) and Poor (P). The overall score is on the scale of 0 to 100. Soon after the feedback collection the coordinator circulates the overall ratings of all faculties for necessarily action. The list of faculties having overall score more than 95% & below 80 % are made available for reward and corrective measures respectively.

System of Reward:

As detailed in graphical representation of faulty feedback process, ADCBP has designed a process of feedback in which the faculties are issued a letter of appreciation for achieving excellence (Above 95% score) in the teaching. The letter of appreciation issued by the head of institution reads as “On behalf of the management and my own behalf, we want to appreciate the following faculty from department of for obtaining the excellent student feedback in their respective subjects taught by them for Semester of Academic year This is sincere appreciation for the excellent performance they have done. We highly anticipate and appreciate consistent performance in oneself and institute.”

Corrective Measures:

Faculty members whose score below 80% in feedback are called for meeting with IQAC. The IQAC do the counselling of particular faculty member on the points like core knowledge, preparation of lectures, class control, doubt clearance and area to be focused, etc. After 15 days similar feedback is collected from students for respective faculty. The comparison of two feedback is done for assessment of improvement in teaching.

Feedback on Teaching-Learning

Academic Year: 2019-20

Class: First Year B. Pharmacy, Semester: I (Practical) Division: Batch A

- Whether the teacher comes well organized and prepared for practicals?
- Whether the difficult topics were taught with adequate attention and ease?
- Whether the Handouts, laboratory manuals were understandable, informative, clear and helped you in practical work?
- Whether the teacher used to give Handouts, laboratory manuals and/ or instructions in advance.
- Whether the teacher discussed application part of each practical?
- Whether the writing is least because the emphasis is on doing practical tasks that allows students to effectively link theory to practice.
- Whether all practical tasks are performed individually or in pairs at most so students always get to understand how things work by themselves.
- Whether students receive prompt feedback on their submissions.
- Whether feedback on submissions verbally and/ or in writing is useful and helps students to improve further learning.
- Whether the teacher speaks and explains concepts with good communication skill.

The marks rating stands for following:

5=Excellent, 4= Good, 3=Average, 2=Below average, 1=Poor.

Give marks based on your experience with respective teacher.

FACULTY COMMUNICATION

To,

Dr. M. K. Velhal

Annasaheb Dange College of B. Pharmacy,

Ashta

Dear Madam,

Student's satisfaction is one of the most important aspects of organizational performance that is most critical for the current and future success of the organization.

It is evident from the student feedback conducted on 21th Nov 2019 that your student satisfaction score is below 80% for Industrial Pharmacy-I subject (T.Y. B. Pharm. Sem V Div A) and practical (Batch A and B). This may leads to failure of some students in summative exam conducted by the university. Such failure has undesirable consequences which affect unique identity of the institute.

You are therefore directed to go through student's comments and weakness and rectify it.

Thanking you

FACULTY COMMUNICATION

To,

Dr. P. K. Pawar

Annasaheb Dange College of B. Pharmacy,

Ashta

Dear Madam,

Student's satisfaction is one of the most important aspects of organizational performance that is most critical for the current and future success of the organization.

It is evident from the student feedback conducted on 27th March 2022 that your student satisfaction score is below 80% for Pharmaceutical Technology-III subject (Final year B. Pharm. Sem VII Batch B). This may leads to failure of some students in summative exam conducted by the university. Such failure has undesirable consequences which affect unique identity of the institute.

You are therefore directed to go through student's comments and weakness and rectify it.

Thanking you
