

Department of Pharmacology, Academic Feedback I 2024-25 (Form II)

Sr. No.	Name Faculty	The teacher is having a strong subject knowledge and explains difficult topics in an easy and understandable manner.	The teacher effectively uses teaching aids (e.g., PowerPoint, videos, models, smart boards, camera, software) to enhance learning.	The teacher explains or demonstrate the practical aspect of subject you support you during learning sessions.	The teacher encourages students to ask questions and clarify doubts during lecture or practical.	The teacher uses relevant examples from the pharmaceutical industry and research to illustrate theoretical or practical concepts.	The teacher stimulates your mind to do critical thinking and problem solving	The teacher provides constructive feedback on assignments, tests, and practical work.	The teacher motivates and support students to do the research and innovation.	The teacher encourages and guide students to participate in co-curricular and extra-curricular events.	Rate your confidence level of theoretical and practical aspects taught by the teacher.	Average Feedback

Dear Sir / Madam,

Student satisfaction is one of the most important aspects of organizational performance that is critical for the organization's current and future success.

It is evident from the student feedback I (academic year 2024-25 Even term) conducted. It is observed that your student satisfaction score is below 80%. This may lead to some students' failure in the university's summative exam. Such failure has undesirable consequences that affect the unique identity of the institute. As Per the counseling conducted by the Head of the Institute & IQAC coordinator, further improvement is expected.

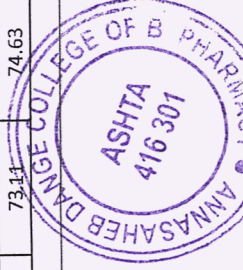

Please check the following table for the score in Feedback I.

Academic Feedback I 2024-25 (Term I)

Sr. No.	Name Faculty	The teacher is having a strong subject knowledge and explains difficult topics in an easy and understandable manner.	The teacher effectively uses teaching aids (e.g., PowerPoint, videos, models, smart boards, camera, software) to enhance learning.	The teacher demonstrates the practical aspect of subject and support you during learning sessions.	The teacher encourages the students to ask questions and clarify doubts during lecture or practical.	The teacher uses relevant examples from the pharmaceutical industry and research to illustrate theoretical or practical concepts.	The teacher stimulates your mind to do critical thinking and problem solving	The teacher provides constructive feedback on assignments, tests, and practical work.	The teacher motivates and support students to do the research and innovation.	The teacher encourages and guide students to participate in co-curricular and extra-curricular events.	Rate your confidence level of theoretical and practical aspects taught by the teacher.	Average Feedback
