About the Authors

Dr. Adhikrao V. Yadav

Dr. Yadav is positioned today as Principal and Professor at Gourishankar Institute of Pharmaceutical Education & Research, Limb, Satara. He has an experience as undergraduate teacher in pharmacy for 35 years and postgraduate teacher in pharmacy for more than 20 years. He has worked as consultant for many pharmaceutical industries. He has guided 45 post graduate students, 05 Ph.D. Students and presently 08 Ph.D. students are working under his guidance. He is life member of ISTE, ISCPT, Institution of Chemists (India), IHPA, IPA and APTI. He has published more than 100 research articles in various national - international peer reviewed journals. He has published 8 books in different publications. He has filed 3 patents. He has honoured with Pharmaceutical Professional of 2009 by Indian Association of Pharmaceutical Scientists and Technologists, Kolkata, Prof. S. B. Sonawane Memorial award in Pharmaceutical Chemistry section for article in Indian Journal of Pharmaceutical Education & Research.

Pankaj A. Jadhav

Pankaj A. Jadhav is working as an Assistant Professor at Annasaheb Dange College of B. Pharmacy, Ashta, Sangli. He has experience of undergraduate and postgraduate teacher in pharmacy for 08 years. He has published 03 reference books. He has published 15 papers in national and international reputed journals. He is a reviewer of Journal of Current Pharma Research.

Ms. Satwashila S. Kadam

Ms. Satwashila S. Kadam is working as an Assistant Professor at Ashokrao Mane College of Pharmacy, Peth Vadgaon, Kolhapur. She has experience of undergraduate and postgraduate teacher in Pharmacy for 04 years. She has published 02 reference books. She has published 09 papers in national and international reputed journals.

Textbook of Pharmaceutical Analysis I

Covers introduction to pharmaceutical analysis, various methods of titration and electrochemical methods for drug analysis, as per the syllabus prescribed by Pharmacy Council of India (PCI) for BPharm students. Special attempt has been made to provide multiple choice questions and long and short answer questions for each chapter for self-assessment, practice and for achieving betterment in examinations.

Sanjaykumar Bari MPharm, Ph.D, DIM, FIC

is currently Professor, Department of Pharmacy, and Principal, HR Patel Institute of Pharmaceutical Education and Research, Shirpur, Maharashtra. He has 20 years of teaching experience. He completed BPharm from Govt. College of Pharmacy, Karad, MPharm in medicinal and pharmaceutical chemistry from SGITS, Indore, MP, and PhD in pharmaceutical sciences from University College of Pharmaceutical Sciences, Kakatiya University, Warangal, AP. He has been lecturer at Anuradha College of Pharmacy, Chikhli, Dist. Buldana, MP, and later Assistant Professor, Professor, Vice Principal and Head of Department of Pharmaceutical Chemistry at HR Patel Institute of Pharmaceutical Education and Research, Shirpur. He has to his credit more than 156 review and research papers published in various renowned national and international levels. He is Chairman, BOS in pharmaceutical chemistry, North Maharashtra University, Jalgaon.

Yasmin Momin MPharm

is currently Assistant Professor, Department of Pharmacy, Annasaheb Dange College of BPharmacy, Ashta, Sangli, Maharashtra. She completed her MPharm in pharmaceutical chemistry from Bharati Vidyapeeth College of Pharmacy, Kolhapur, and is registered for PhD under Shivaji University. She has four years teaching experience.

Dhantaj Jadge MPharm, PhD

is currently Professor, Department of Pharmacy, and Principal, Annasaheb Dange College of BPharmacy, Ashta, Sangli, Maharashtra. He is undergraduate and postgraduate teacher in pharmacy for more than 23 years; examiner to many universities and is a former member of BOS and chairman of 32/5 committee of SRTIMU, Nanded. He has to his credit over 30 papers published in national and international journals.

Veerendra Yetigir MPharm, PhD

is currently Professor and Head, Department of Quality Assurance, Ashokrao Mane College of Pharmacy, Peth Vadgaon, Maharashtra. He is undergraduate and postgraduate teacher in pharmacy from 21 years, and is guiding 5 PhD students under Shivaji University, Kolhapur. He has to his credit 23 papers published in international and national journals.

About the Book :

This Practical Manual for Pharmaceutics-I, is an attempt to put forth the theoretical background and specific practical information and experiments as per revised PCI syllabus (course regulation 2014). This is the first book as per revised syllabus to provide fundamental principles used in formulation preparation and their documentation as adapted by pharmaceutical industry, like batch manufacturing record and raw material weighing record of preparation.

This book contains theoretical background and short introduction and practical procedure of Syrup, Elixir, Linctus, Solutions, Suspensions, Emulsions, Powders, Granules, Semisolid, Suppositories, Gargles and Mouthwashes.

Authors have made special attempt at explaining practical procedure, storage, direction, precaution, labeling, batch manufacturing record and raw material weighing record of preparation to be compiled during practical in laboratory. This book will be useful to degree students of Pharmacy in understanding basic fundamental principles involved during formulation and their documentation as adapted by the pharmaceutical industry.

About the Authors :

Sandip M. Honmane has completed B.Pharm and M.Pharm in Pharmaceutics from Shivaji University, Kolhapur, M.S. He was conferred with "Junior Research Fellowship" (GPAT-2011). He started his career in pharmaceutical industry as Quality Assurance Officer at Kopran Ltd, Khopoli (M.S.). He worked with Cipla Ltd., Goa. He has 3 years experience in pharmaceutical industry, working with solid, semisolid and injectable dosage forms. He had actively involved and faced different regulatory audits like WHO, MHRA, TGA, MCC and USFDA. Honmane has published more than 7 research papers in national and international journals. He is presently working as Assistant Professor, Department of Pharmaceutics, at Annasaheb Dange College of B. Pharmacy, Sangli, Maharashtra. He has attended many workshops and conferences organized by the University.

Dhanraj R. Jadge has completed B. Pharm from Marathwada University, Aurangabad and M. Pharm from Pune University, Pune. He has procured Ph.D. in Pharmaceutical Sciences from University Department of Chemical Technology, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad. He has an illustrious teaching experience of 23 years as Lecturer, Assistant Professor, Professor and Principal. Presently he is Principal at Annasaheb Dange College of B. Pharmacy, Sangli, Maharashtra. Dr. Jadge has published quality research papers in national and international journals presented in national and international conferences. He is examiner in many universities and approved PG Teacher and Ph.D. Guide of SRTMU, Nanded. Two students are doing Ph.D. under his guidance.

Sanjaykumar B. Bari has completed B.Pharm (1994) from Govt. College of Pharmacy, Karad and M.Pharm in Medicinal and Pharmaceutical Chemistry (1996) from S.G.I.T.S., Indore (M.P.). He has been awarded Ph.D. in Pharmaceutical Sciences (2006) under AICTE-QIP program from University College of Pharmaceutical Sciences, Kakatiya University, Warangal (A.P.). Then he worked as Assistant Professor, Professor, Vice-Principal and Head of Department, Dept. of Pharmaceutical Chemistry, at R.C. Patel Institute of Pharmaceutical Education and Research, Shirpur. Presently, Dr. Bari is serving as Principal and Professor at H. R. Patel Institute of Pharmaceutical Education & Research, Shirpur, Maharashtra. He has 20 years of teaching experience.

Dr. Bari has more than 156 review and research publications in various national and international journals. He has five books and filed 03 patents to his credit. He has supervised 57 students at M.Pharm level Projects and 9 Ph.D. students in Pharmacy. His Ph.D. students have also received several awards.

Praveen D. Chaudhari M.Pharm, Ph.D., is Principal and Professor, at P.E. Society's, Modern College of Pharmacy, Pune. He is President, Association of Pharmaceutical Teachers of India (National). He has 21 years of experience in teaching and research in Pharmacy and published more than 120 review and research articles in various national and international journals. He has received various achievements and awards. He has held positions as Vice-president, APTI, Standing Committee Member, Academic Council and Member, Senate, University of Pune, Pune. He has guided more than 50 M.Pharm. and 5 Ph.D. students. He is also working as editorial/advisory board member and reviewer for various national and international reputed journals.

Preface.....	vii
Editors.....	ix
List of Contributors.....	xi

SECTION A Introduction

Chapter 1 Micro- and Nanotechnology Approaches: Concepts and Applications.....	3
<i>Bhavana Valamla, Pradip Thakor, Neelesh Kumar Mehra, Arvind Gulbake, and Satish Shilpi</i>	
Chapter 2 Formulation by Design (FbD): An Emerging Approach to Design Vesicular Nanocarriers.....	15
<i>Shiv Kumar Prajapati, Payal Kesharwani, Nishi Mody, Ankit Jain, and Swapnil Sharma</i>	
Chapter 3 Thermally Responsive Externally Activated Theranostics (TREAT) for On-Demand Multifunctional Drug Delivery Systems.....	33
<i>Renuka Khatik, Aakanchha Jain, and Faheem Hyder Pottoo</i>	
Chapter 4 C ₆₀ -Fullerenes as an Emerging Cargo Carrier for the Delivery of Anti-Neoplastic Agents: Promises and Challenges.....	49
<i>Nagarani Thotakura and Kaisar Raza</i>	

SECTION B Bioactive Delivery Systems

Chapter 5 Pharmaceutical and Biomedical Applications of Multifunctional Quantum Dots.....	65
<i>Devesh Kapoor, Swapnil Sharma, Kanika Verma, Akansha Bisth, Yashu Chourasiya, Mayank Sharma, and Rahul Maheshwari</i>	
Chapter 6 PLGA-Based Micro- and Nano-particles: From Lab to Market.....	83
<i>Akash Chaurasiya, Parameswar Patra, Pranathi Thathireddy, and Amruta Gorajjiya</i>	
Chapter 7 Targeted Lipid-Based Nanoparticles for Nucleic Acid Delivery in Cancer Therapy.....	95
<i>Prashant Upadhaya, Swapnil Talkar, Vinod Ghodake, Namrata Kadwadkar, Anjali Pandya, Sreeranjini Pulakkat, and Vandana B. Patravale</i>	
Chapter 8 Formulation Strategies for Improved Ophthalmic Delivery of Hydrophilic Drugs.....	115
<i>Arehalli Manjappa, Popat Kumbhar, John Disouza, Suraj Pattekar, and Vandana B. Patravale</i>	
Chapter 9 Metal Nanoparticles as a Surrogate Carrier in Drug Delivery and Diagnostics.....	139
<i>Sushama Talegaonkar, Debopriya Dutta, Namita Chaudhary, Surya Goel, and Ruchi Singh</i>	
Chapter 10 Rescaled Erythrocytes: A Biological Carrier for Drug Delivery.....	163
<i>Satish Shilpi, Kapil Khatri, Umesh Dhakad, Neelesh Kumar Mehra, and Arvind Gulbake</i>	

Descriptive Study: *In silico* and Physicochemical Assessment of the Effectiveness of Hydroxy / Amino Acids as Auxiliary Substances to Improve the Complexation Efficiency of β -cyclodextrin towards Bosentan

Yogesh V. Pore¹ and Priyanka H. Jadhav^{1*}

DOI: 10.9734/bpi/cpcs/v5

ABSTRACT

The effectiveness of certain hydroxy and amino acids as an auxiliary substance to improve the complexation efficiency (CE) of β -cyclodextrin (β CD) towards Bosentan (BOS), a poorly soluble endothelin receptor antagonist, were assessed to enhance its physicochemical performance. The phase solubility studies conducted in distilled water demonstrated a better choice of L-Arginine (ARG) as an auxiliary substance to improve CE and association constant (K_a) of β CD. As complementary evidence, *in silico* calculations were performed to foresee the stability, possible interactions and geometry of BOS inside the β CD cavity, optimizing ARG again as an auxiliary substance. Subsequently, the solution state thermodynamic investigations revealed entropy driven complexation process. The lyophilized complexes were characterized by FTIR, DSC, XRPD and SEM. Thermodynamic studies suggested that inclusion phenomenon was entropy driven, and spontaneous. Prepared lyophilized complexes gave clear, transparent water solution indicating the complexes possessing lower sized particles of drug, achieved by inclusion phenomenon. The protein binding study resulted inclusion phenomenon was responsible for maintaining the unbound drug in plasma, which resulted in minimization of dose and dose frequency. The performance of ternary complex was found to be appreciating in overall assessment, indicating better effectiveness of ARG as an auxiliary substance in improving CE of β CD towards BOS.

Keywords: Bosentan; β -cyclodextrin; hydroxy acids; amino acids; thermodynamics; lyophilization; *in silico*; physicochemical.

1. INTRODUCTION

Bosentan monohydrate (BOS), 4-tert-butyl-N-[6-(2-hydroxyethoxy) -5-(2-methoxyphenoxy) -2-(pyrimidin-2-yl) pyrimidin-4-yl] benzene-1-sulfonamide (Fig. 1) is a white crystalline powder acting as non-peptide antagonist of human endothelial-1 receptor [1]. It is mainly recommended in the treatment of pulmonary arterial hypertension [2]. Basically, it has been classified as a BCS class-II drug, thus, exhibiting poor aqueous solubility, resulting in low bioavailability [3]. Inadequate oral bioavailability often limits desired therapeutic outcome and patient compliance. Therefore, improving both physicochemical and biopharmaceutical characteristics of BCS class II drugs has always attracted the attention of most of the researchers to improve the therapeutic efficacy of such molecules.

Inclusion complexation with β -cyclodextrin (β CD) is an industrially feasible approach to modify the physicochemical properties of poorly water soluble drugs [4]. β CD act as a powerful complexing and solubilizing agent resulting in an improvement in dissolution, bioavailability and stability of a drug
