The educational institute runs two course of B. Pharmacy as well as D. Pharmacy wing at Same premises. The business segmentation require to show its two separate courses i.e. 1) B. Pharmacy & 2) D. Pharmacy wing and accordingly the two set of books of accounts have been maintained separately for each course. For the purpose of determination of students fees of both courses the financial statements of each course are prepared separately.

Accordingly only for the purpose of determination of fee i.e. B Pharmacy course the Receipt and Payment Account, Income and Expenditure Account and Balance Sheet as on 31-03-2020 of B. Pharmacy Course (excluding its D Pharmacy wing) are prepared & reported upon along with the necessary schedules.

We have conducted our audit in accordance with the auditing standards generally accepted in India. Those standards required that we plan & perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit includes examining on a test check basis, evidence supporting the amount and disclosures in the financial statements. And audit also includes assessing the accounting principles used and significant estimates made by the management as well as evaluating the overall financial statements presented. We believe that our audit provides a reasonable basis for our opinion.

#### Auditor's responsibility -

Our responsibility is to express an opinion on these financial statements based on our audit. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the institution's preparation and presentation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on whether the institution has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the management as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

**The Audit Report has covered basic & general requirements as directed by Fee Regulation Authority of Maharashtra**

**1. Reporting of Method of Accounting -**

During the Financial Year 01-04-2021 to 31-03-2022 the educational institute has followed the mercantile system of accounting as recommended by the FRA in its guidelines.

**2. Reporting of Segment Accounting -**

**a) About Geographical Segmentation -**

The area of operation of the educational institute is restricted to only one place situated at "Ashta", Taluka Walwa, District Sangli, Maharashtra State and hence there is no requirement of geographical segmentation for the courses conducted by the institute.

**b) About Business Segmentation -**

The educational institute runs two course of B. Pharmacy as well as D. Pharmacy wing at Same premises. The business segmentation require to show its two separate courses i.e. 1) B. Pharmacy & 2) D. Pharmacy wing and accordingly the two set of books of accounts have been maintained separately for each course. For the purpose of determination of students fees of both courses the financial statements of each course are prepared separately.

Accordingly only for the purpose of determination of fee of B. Pharmacy course the Receipt and Payment Account, Income and Expenditure Account and Balance Sheet as on 31-03-2022 of B. Pharmacy Course (excluding its D Pharmacy wing) are prepared & reported upon along with the necessary schedules.

3. The educational institute has kept proper books of accounts required for the purpose of conducting audit for the relevant course of B. Pharmacy
4. While conducting the audit, we have observed that the internal control system is deficient in respect of expenses incurred as some expenses have been incurred in cash instead of paying them by way of cheques and considering the size & volume of the transactions of the institute it is necessary to improve it adequately to safeguard the interest of the educational institute.
