### **BEST PRACTICE NO. 1**

#### **1. Title of the Practice:**

Mentor Mentee System (Guardian Teachers Scheme)

#### **2. Objectives of the Practice:**

Mentor Mentee System was implemented since the inception of institute, with a view to advance the educational and personal growth of students. The Institute adapted a practice to systematically monitor the progress of the mentee in every aspect related to curricular and co-curricular activities.

1. To continuously monitor academic performance of students including their attendance and performance in examinations.
2. To identify and resolve personal and health related issues by discussing with their parents.
3. To imbibe the right moral values and ethics in the mentees by way of sharing own experiences and discussions on significant issues.

#### **3. The Context:**

The students are allocated to each mentor as guardian teacher in the beginning of first semester and mentors are remain associated with students up to final year. All mentors are guiding mentees at various levels like induction of institute, ethics, values, and career opportunities.

When mentee get admitted to the program, they take time to get acquainted with new environment, syllabus, examination pattern etc. Once the students get acclimatized with the program, the mentor's role now shifts to guidance for achieving excellence.

During the course mentor guide the students to prepare for various competitive exams and groom students for developing their personalities. Mentor counsels students regarding health and fitness related issues and is always there to take care of students.

#### **4. The Practice:**

The intake of institute is about 100 students with an overall student number is around 480, who all came from different regional and socio-economic backgrounds. It is necessary to monitor the attendance and take required steps to achieve success in examinations. Identify weaker students; take necessary steps to enhance their overall performance.

Mentor always works to increase the trust and confidence among mentee and parents. For each mentor 15 to 20 mentee are allocated.

The duties of mentors:

1. Mentor should give confidence to students through their cooperative, kind behavior so that students can freely discuss their problems.
2. Conduct regular meetings, monitor performance and attendance, identify difficulties, and suggest remedies.
3. During interaction, any genuine problems like
  - General stress and management
  - Traumatic experiences
  - Anxieties
  - Difficulties at residence
  - Lack of self-confidence
  - Bereavements and parental separations
  - Loneliness and Homesickness
  - Depression etc.

observed forward the case to the Principal if psychological counseling is required.

4. Advice students on all academic activities as a part of curriculum, preparation of competitive examinations, developing soft skill, planning and execution etc.

#### **5. Evidence of Success:**

- Academic performance of some students in exams has been significantly improved after receiving guidance from their mentor.
- The mentor effectively helped to resolve personal issues and take care their mentees for any health issue.
- Mentor system was successful in achieving their career goals.
- Our mentor mentee system appreciated several time by parents during parent teachers meet at institute.

#### **6. Problems encountered and resources required:**

No.	Guidelines	Comments by GT
1.	From parameters 1 to 2, teacher shall get some insight regarding student's financial conditions, parent expectations, problem-facing ability of student etc.	Yes, .
2.	Parameters 3 to 5 shade light on as how student interpret his/her success or failure. This will help student to explore his/her abilities / inabilities (for later case, eg. blaming to circumstances for failure rather than taking responsibility of failure). Many students are not aware that taking responsibility of failure is very first step towards success.	Student is aware about his less performance in 12th & he require to improve in his performance in coming exams & career.
3.	Parameter 6 is very important to realize the significance of targeted development towards chosen career & most significantly when these are written on somewhere, these helps students to remind every day & thus students can take constructive steps (actions) towards goals.	Required to choose carrier objective and path for objective
4.	Parameters 7 & 8 shade light on self-awareness. GT is expected to help students in realizing both strengths & weaknesses. The former can be properly used in achieving career objectives while later must be known so that these can be removed & converted into strengths in due course of time.	He knows his strength & weakness & required to convert weakness into strength.
4.	Parameter 9 & 10 are self-evaluation parameters & should be confirmed in due course of time from student's performance, from other teachers, parents & student's friends.	He knows his strength & weakness need to work on weakness. - Required to increase time for study
5.	Parameters 11 & 19 are added to enlighten students on learning process. Explain them that learning without participation of learner is not possible & students need to take more responsibility as they advance from lower class to higher class (Active learning rather than passive recipient). Also explain them as how to learn (how to acquire metacognitive skill).	He is active & participatory learner.
6.	Parameter 20 gives some idea about financial condition of students. However some students are even financially sound, they are reluctant to pay tuition fees in time. This is an issue of wrong motivation & non-professional behavior. Explain them as what is professional behavior & his/her responsibility towards paying fees in time frame.	He is aware about professional behaviour and good planning abilities.
7.	Parameter 21 guides GT regarding frequent absentee, poor performance etc. It also guides GT regarding medical emergency conditions.	No any history of major family illness.

प्रिय सजग पालक,

आपण आपल्या पाल्याच्या उच्च शिक्षणासाठी या महाविद्यालयाची निवड केल्याबद्दल मी आपला आभारी आहे. तुम्हाला कदाचित उच्च शिक्षणात होणाऱ्या बदला बद्दल माहीत असावे. हुशार, कुशल, सज्जनशील, व उच्च दर्जाचा समज असलेले मनुष्यबळ निर्माण करण्यासाठी विद्यार्थी - केंद्रात शिक्षण प्रणाली जगभरात सुरु झाली आहे. मला तुम्हाला सांगताना अभिमान वाटतो की अशी शिक्षण प्रणाली राबवणारे हे महाराष्ट्रातील पहिले औषधनिर्माणशास्त्र महाविद्यालय आहे. या शिक्षण प्रणालित शिक्षकांइतकाच पालकांचा सहभाग महत्वाचा असतो तरच आपण ठरवलेली उद्दिष्टे आपण गाठू शकतो. आपल्या पाल्याची सर्व शैक्षणिक उद्दिष्टे आत्मसात करण्यासाठी महाविद्यालयाने वेळोवेळी आयोजित केलेल्या पालक मेळाव्यास आपण उपस्थित राहणे अतिशय महत्वाचे किंबहुना अनिवार्य आहे. आज आपण बहुमूल्य वेळ देऊन आपण उपस्थित राहिलात त्या बद्दल धन्यवाद. आपल्यास विनंती आहे खालील मुद्यावर आपली प्रतिक्रिया नोंदवा जेणे करून महाविद्यालयास पुढील वाटचाल करतांना योग्य दिशा मिळेल व आपल्या पाल्यास आनंदायी शिक्षणाचा आस्वाद घेता येईल. धन्यवाद

**Agenda No: 01 Introduction to '5S' Workplace Organization**

5S is a Japanese methodology for workplace organization. As the name implies, it is a five-step technique (Sort, Shine, Set-in-Order, Standardize & Sustain) for changing the mindsets of the staff and involving the entire organization in improvements. To some, this methodology may appear to be a housekeeping approach, but it actually delivers much more. A simple yet powerful quality practice, 5S helps identify and eliminate waste in a workplace. It also helps establish and maintain a productive and quality environment in an organization. It forces service companies to look at issues that are often overlooked.

**S1 – SORT:**

Eliminate nonessential items from the workplace.

**S2 – SHINE:**

Remove dirt and debris, inspect equipment and eliminate sources of contamination.

**S3 – SET IN ORDER:**

Evaluate the workplace and add smart workplace features.

**S4 – STANDARDIZE:**

Establish standards to maintain 5S improvements.

**S5 – SUSTAIN:**

Monitor, expand & refine 5S results.

- To change the mindset, improve the efficiency of employees and make them more productive by facilitating continuous improvement.
- To improve efficiency by eliminating the waste of motion looking for tools, materials or information.
- To eliminate time spent on non-value added work affecting individual and workplace efficiency.
- To improve safety and morale due to improvements in the work environment.
- To establish and maintain a productive and quality environment in an organization.
- To create a robust foundation for future work in the quality arena
- To commence a quality journey.
- To involve the entire organization in quality.
- To facilitate faster information retrieval.

## Faculty Undertaking

Faculty Name: Mr. Kaustubh M. Thorawade Date: 13/02/2021

Laboratory Name: Osborn Reynolds Laboratory (Pharmaceuticals)

I hereby state that, this laboratory is practicing '5S' Workplace Organization in which we have sorted material & eliminated unwanted material by keeping in 'Red Area' & thus removed unwanted hurdles in the Laboratory.

Further, we have arranged equipments/instruments in such a way that offer convenience for internal movement of students & staff as well as technically correct way of laboratory working. This step eliminated possible accidents & thus ensured safety of all.

All equipments/instruments, glassware's, services (water, gas etc), working platforms, passages, display boards etc are regularly cleaned. Regular maintenance, cleanliness & neat workplace will increase both workplace safety and longevity of tools and equipment. This will further help us to maintain the facility and equipment long term.

We have further standardized all tasks & procedures conducted in Laboratory by using 5S related duties, 5-Minutes 5S periods, cycle charts, visual cues, SOP's, documents, and checklists are integrated into regular work duties to maintain the improvements achieved through the first 3S's.

I assure that we will sustain efforts to develop & consolidate the habit attributed to practicing of first 4S & to make it a vital part of the ADCP's Operational Excellence initiative.
